Board of Education.

NOTTINGHAM, N. H., Feb. 15, 1898.

To the Selectmen and Voters :

The School Board submits the following report, with the Roll of Honor as taken from the registers, also a statement of the finances for the year. We have expended the special repair money in repairs and new seats at the Upper Turnpike, also in repairs and outside painting in other places, as we thought most needed; and we think it would be for the best interest of the District to raise a like amount this year, as there is considerable outside painting that needs to be done; the Lower Turnpike needs a shed, the entry being used for a woodshed at present; also the underpinning of the Square schoolhouse is in a bad condition.
